NEED FUNDING
FOR YOUR
NONPROFIT?

We can help.

YOU ARE NOT ALONE

Getting funding to support your nonprofit's cause can be quite daunting. Not knowing what to do or who to contact can create a potential roadblock to achieving your mission.

Growing My Nonprofit is here to help you create winnable program strategies and develop a compelling narrative that attracts funders. We offer this service so that your nonprofit can continue to focus on what matters most – making a difference in the lives of people and communities you serve.

TOMORROW'S SUCCESS BEGINS TODAY

If you have a question or you would like to discuss the programmatic or funding needs of your nonprofit, let's talk about it.

HOW WE CAN HELP

- **Grant writing.** We will use elements of storytelling to help facilitate an emotional appeal and response for your program. This information will be used to create a letter of inquiry (LOI) and/or a grant proposal to submit to funders looking to support programs like yours.
- **Program development.** We will identify and recommend best practice and cost-efficient strategies to achieve desired outcomes. Recommendations may include: staffing, program structure and program participation.
- **Evaluation.** We will develop custom surveys and assessments for data collection purposes that demonstrate both individual successes and the collective social impact of your program.
